Audiences are invited on a journey into the unconscious mind, where their instincts will guide them to see the story from different perspectives.

This mesmerising hour-long experience merges Physical Theatre, Virtual Reality and Augmented Reality technologies, in an environment that blurs the boundaries between consciousness and unconsciousness, reality and fiction, the physical and the virtual.

On behalf of the team here at The Mill, welcome to our latest season of live events and creative learning, offering a host of opportunities to both 'see' and 'do'.

Over the past 18 months our Arts Council England supported B-Live project has seen us deliver a broad programme of live events and creative learning opportunities in Bicester, culminating in our recent productions of The Hogwallops and The History of Everything which bring this hugely successful initial phase of the project to a close.

As we look back and reflect on what we've learnt I'm delighted that we have been able to engage with over 2000 new audience members and are currently collating feedback to inform our future programme of work in Banbury, Bicester and beyond.

**Dance Banbury** is nearly upon us and I can't wait to welcome our nationally acclaimed dance partners to Banbury and look forward to sharing in some truly remarkable performances with local audiences. All Dance Banbury events are free to attend, however capacity is limited for **The Imagination Museum** and **Whist**, so advance booking is required. Details and a full schedule can be found on our website [www.themillartscentre.co.uk/dancebanbury](http://www.themillartscentre.co.uk/dancebanbury).

This brochure also sees the re-launch of our youth creative learning offer under our new

**MYGO** brand. We've got an exciting range of projects for 0 - 15 year olds running from September through to February, and representing just the start of what we hope to be an ever-expanding programme. Details can be found on pages 34 & 35.

We've a magical treat in store this Christmas, when time-travelling magicians **Morgan & West** will take up residency at The Mill from the 13th - 24th December with their take on Dicken's classic, **A Christmas Carol (sort of!)**. The pair set out to create a truly entertaining festive performance mixing genuine 'how did they do that' magical moments with Victorian panache and cunning nods to pop culture which can be enjoyed by all ages (5+).

Following a record-breaking Christmas season at Oxford's Pegasus Theatre in 2017, early booking is strongly recommended to avoid disappointment.

With so much to look forward to, I hope to welcome you back to The Mill (or one of our off-site events) in the not too distant future.

**THE THRILL OF LOVE**

Banbury's leading local theatre company present The Thrill of Love by Amanda Whittington.

Ruth Ellis was the last woman to be hanged in Britain in 1955 after being convicted of shooting her lover, David Blakely. The Thrill of Love dramatises this true story, taking a closer look at the women behind the headlines.

Whittington's play focuses on Ruth's interior life, as well as her friendship with three women all working the club scene: the dependable club owner, Sylvia, aspiring actor and model, Vickie and charwoman, Doris. These friends provide comfort to her as she battles abusive lovers and a rabid press.

Detective Jack Gale follows her story from the beginning, hoping to piece together her motive for murdering David and, more importantly, whom she might be protecting.

It is a show about money, history, songs, gongs, wigs, unicorns, guns, bungs and sods of soil.

And how we have so much feeling for such a hollow land.

This exhibition focuses on the constant evolution of mark making and the exploration of surfaces and space. Observing and recording different spaces, their functions and how landscapes both interior and exterior get intertwined. Movement, traces, memories and structures are reemerging themes within the work. My paintings explore the need to make connections with the familiar- using traces, fragments of places and spaces to rearrange these and formulate the familiar.
